

Covestro

AT A GLANCE

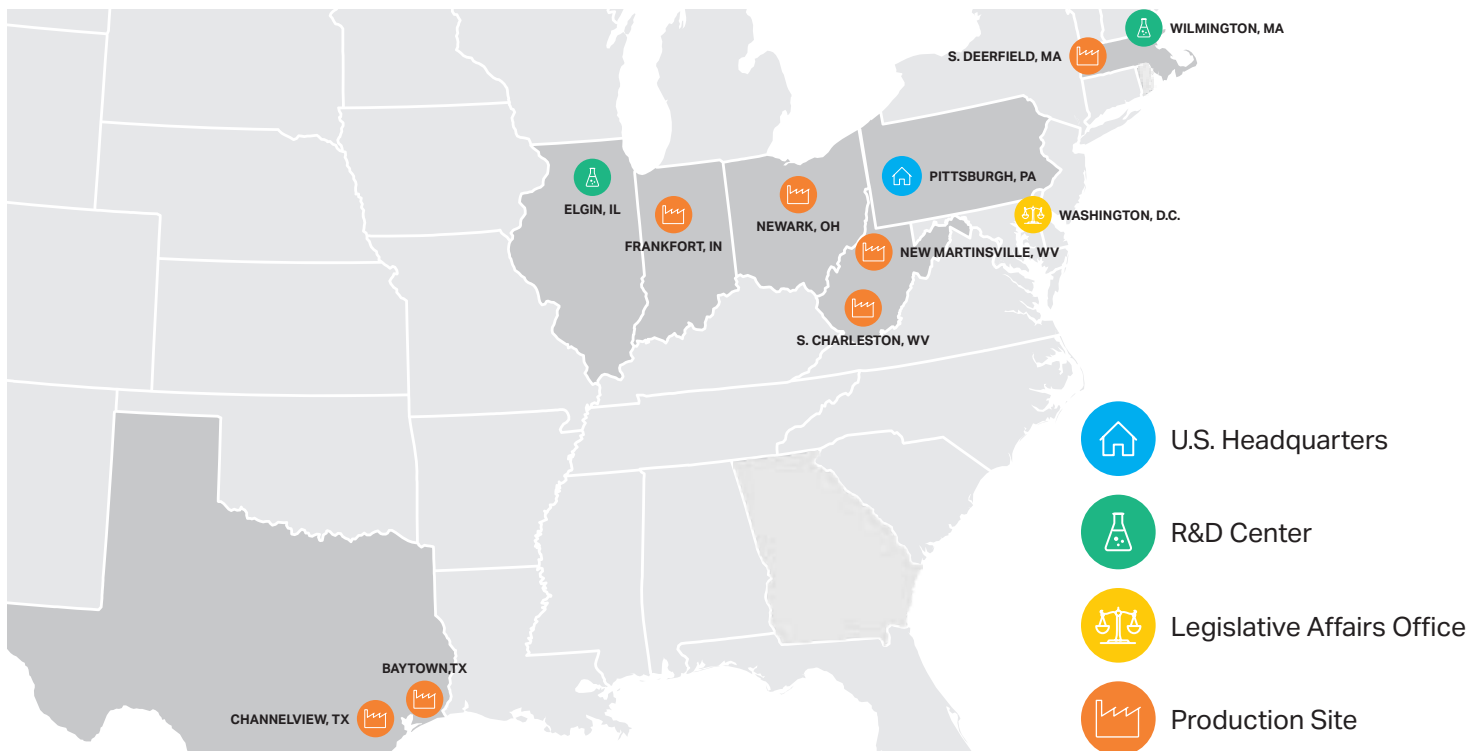

Who we are

Covestro is a global leader in developing high-tech materials that make the world a brighter place. Our innovative solutions help make cars lighter and more fuel efficient, mattresses more comfortable, electronics better protected and homes better insulated – all while driving toward a more circular economy. Our vision? To become fully circular.

Our products

Did you know? You're never more than six feet away from a Covestro product!

We produce materials that are transformed into products you use and see every day – from the adhesives holding your shoes together to the plastic casing that protects your laptop! Our diverse product portfolio spans nearly every industry, including automotive, construction, electronics, furniture, healthcare and sports.

ELGIN

AT A GLANCE

ESTABLISHED
1980

1122 St. Charles Street, Elgin IL 60120

Our local presence

The Elgin, Illinois, site is considered the R&D center of excellence for UV-curable technologies in the United States. Here, Covestro develops advanced materials for telecommunications.

Giving back to our communities

Our passionate employees have countless opportunities to take their talents to the communities where we live, work and play, by helping non-profits solve business challenges, raising funds for a good cause, sharing our excitement for science with the next generation, and inspiring a cleaner future.

Joining forces with Habitat for Humanity to strengthen our community

Working with the Elgin Crisis Center to support our community

Volunteers on a mission to clean up trash on the community nature path
