# Covestro AG decides to apply for switch from the Prime Standard to the General Standard of the Frankfurt Stock Exchange

Covestro AG decides to apply for switch from the Prime Standard to the General Standard of the Frankfurt Stock Exchange.
The shares of Covestro AG (WKN 606214 / ISIN DE0006062144) are currently admitted to trading on the regulated market of the Frankfurt Stock Exchange and to the sub-segment of the regulated market with additional post-admission obligations (Prime Standard).
The Board of Management of Covestro AG today decided to apply for the revocation of the shares' admission to the Prime Standard and to switch to the General Standard. The change of stock market segment serves to reduce the additional expenses associated with listing in the Prime Standard.
The revocation of admission will take effect three months after the publication of the revocation decision by the management of the Frankfurt Stock Exchange on the Internet (www.deutsche-boerse.com). The revocation does not affect the admission of Covestro AG shares to the regulated market (General Standard).
